

Directors Notes

Rehearsals

We are so excited to start work on Showtime On Ice. This is a huge production, and we have a rehearsal schedule that will hopefully allow us to prepare the skaters for their best possible performances. Below are some important details for you to have a successful show season.

1. Please review the 2025 SOI Cast List so that you know what story/scene(s) your skater is in.
2. Please review the rehearsal schedule and make note of ALL the days/times your skater has rehearsal.
3. Know that the choreographers will keep or release skaters/groups as needed each day. With younger skaters the coaches will most likely let them leave earlier than the stated end time.
4. Please arrive early so that you are not missing valuable instruction time.
5. If you will have to miss for any reason we ask that you let us know in advance.
6. After missing a rehearsal, it is the skater's responsibility to get with someone in their group or a junior choreographer to learn the missed choreography.
7. Our goal is to make this a valuable experience and to create something special for all the skaters. Thank you for working with all of us to help achieve our ultimate goal of an amazing Showtime On Ice!
